Kimeka,

I am working on the general permit. We will meet with OOC (Offshore Operators Committee) on May 3 to discuss their recommendations for changes. We plan to propose the permit before December. (Meanwhile, I also work on Texas Territorial Seas GP, Coastal GP and stripper GP- all expire in 2017.)

Subject: BOEM General NPDES Permit

Isaac,

For informational purposes, I am coordinating with Headquarters Office of Federal Activities on BOEM 2017 – 2022 OCS Oil and Gas Lease/Multi-sale Program. In an effort to align the NEPA Compliance Activities with the General NPDES Permit and coordinate sharing of information, could you share your programmatic office's schedule for issuing the permit?
